FRIDAY NIGHT RACES

RACE RECAP, FRIDAY, SEPTEMBER 4, 1987

TOLLEFSON, McLEAN & PETTY TAKE FRIDAY NIGHT VICTORIES

Steve Tollefson and Bill McLean captured Hobby Stock main events while David Petty wass first to the checkered in the Foreign Stock event.

Tollefson moved up quickly behind early leader James Kusch then grabbed the top spot on lap seven. Tollefson started pulling away from the field but two caution periods in the last half of the 25 lapper cut down his lead but on each restart he re-established his dominance and notched his third win of the year, his first since early April.

The best battle was for the runnerup sport with Brian Kelley just holding off Dave Blankenship and Ed Horst at the finish. Fast qualifier Allen Boles was fifth.

Krieger started outside-front-row of the figure 8 main but immediately took the lead. Horst immediately claimed second and started challenging Krieger while McLean and Blankenship motored into third and fourth. They were unable to gain on the lead duo until a red flag stopped the race on lap 12 for a crash between Oly Olson and Larry Durm. Shortly after the race resumed, Horst manuevered past Krieger but just as they completed lap 13 of 15, Krieger ran into Horst's car sending Horst spinning. McLean and Blankenship both took advantage of the situration and overtook Krieger as he slowed. Blankenship pressured McLean unsuccessfully the remaining distance as McLean went on to his sixth win. Blankenship finished second ahead of Krieger, George Nunes and Scott Wade.

Petty, fast qualifier in the Foreign Stock Division, dominated the main event to take his third win of the year. He took the front spot in the first turn and was never challenged. The battle was for second with Steve Demello Jr. and Steve Katz trading second place twice before Demello claimed it for good on lap four. Peter Ravlich was a distant fourth behind Katz.
